

# PS12VDC3P

## HARDENED AC POWER ADAPTER

36 Watt, 3A, 12 Volt DC Jack

### Features

- ✓ Output Rating: 36W, 12VDC, 0~3A
- ✓ Input Rating: 90~264VAC (47~63Hz)
- ✓ Casing: Aluminum case
- ✓ Operating Temperature: -40°C to 75°C (-40°F to 167°F)
- ✓ Output Connector: DC Jack with latch
- ✓ Complies with NEMA TS1 & TS2 Environmental requirements for Traffic control equipment
- ✓ Dimension: 4.7 x 3.1 x 1.6 Inches (12 x 8 x 4 cm)
- ✓ Panel mount tabs, width across tabs, 4.6 inches (11.8 cm)
- ✓ Certifications: UL, CE

### Functional Description

The PS12VDC3P is a panel mount power supply for use with B&B EIR series extenders and media converters. This power supply comes with a 6 foot IEC North American power cord and 27 inch lead. PS12VDC3P is a rugged AC-DC power supply (switch mode) encapsulated in an aluminum housing. It is small and ideal for space limited applications. It can easily screw mounted to a panel or equipment chassis. The PS12VDC3P DC power supply features a universal input from 90-264 VAC. This reliable DC power supply is particularly suited for use in control cabinet applications.
