

DIGITUS Professional Industrial Fast Ethernet PoE Switch

DN-650103
EAN 4016032356028

4-Port Industrial PoE Ethernet Switch 4-port RJ45 PoE, 2-port 100Mbps (SFP, RJ-45) IP30, DIN RAIL, extended temp.

The DIGITUS® Industrial Fast Ethernet PoE Switch is a unmanaged switch with PoE+ function. It has one uplink Ethernet port and one 100 Mbps optical port, as well as four 100 Mbps PoE Ethernet ports with IEEE802.3af/at support. This product is designed for HD IP cameras; power these devices without having to connect to the power socket. It makes the connection of those devices far more flexible and it simplifies wiring. The DIGITUS® Industrial Fast Ethernet PoE switch has an integrated optical port to provide perfect integration between fiber optical transceiver and Ethernet switch, so problems of long distance transmission can be solved. It can be used in surveillance, network engineering etc.

4-port unmanaged industrial switch with PoE+ function

- 4 x 10/100 Mbps PoE+ Ethernet ports, supports IEEE802.3af/at
- 2 Uplink ports, 100 Mbps SFP port and Ethernet port
- IEEE 802.3x full-duplex and flow control
- Redundant power supply
- Compact, robust metal case
- Excellent short circuit protection
- Lightning and surge protection
- DIN rail and wall mount design
- PoE budget value: 30 W per port
- Power consumption: < 5 W
- Redundant PowerDesign: 48~57V DC redundant power with polarity reverse protect function
- Extended operating temperature range, -40 °C ~ +75 °C
- Operating humidity: 5 % to 95 % (non-condensing)
- Dimensions (L x W x H): 159 mm x 110 mm x 46,5 mm
