## ZX SERIES POWER SUPPLY

## Specifications

### Features
· 850W Continuous power
· OCZ PowerWhisper™ Technology
· Ultra quiet 140mm ball-bearing fan
· SLI™ and CrossFire™ support
· Fully modular cable management system
· 5 year warranty backed by OCZ's exclusive PowerSwap™ replacement program. No more endless return-for-repair loops!

### Technical Specifications
· 150 x 175 x 86mm (W x L x H)
· ATX12V v2.2 and EPS12V
· 92% Efficiency (Typical Load)
· Overvoltage/Overcurrent/Short-Circuit protection
· Active PFC
· MTBF: 100,000 hours

### Connectors
· 20+4 pin ATX
· Dual 4+4 pin CPU
· 4x PCIe 6+2 pin
· 12x SATA*
· 9x Molex*
· 1x Floppy

*note: not all connectors can be connected simultaneously

| OCZ-ZX850W | | | | | |
|---|---|---|---|---|---|
| AC Input | 100-240Vac ~ 12-6A | | | 50-60Hz | |
| DC Output | +3.3V | +5V | +12V1 | -12V | +5Vsb |
| Max output Current | 24A | 30A | 70A | .5A | 3A |
| Max Combined Power | 170W | | 850W Max | | |
| Total Power | 850W Continuous | | | | |

### Part Number
850W   - OCZ-ZX850W   - UPC: 842024023579

## Description

The ZX Series is the unsurpassed solution for driving today's Enthusiast and gaming systems. It has the ability to easily power both NVIDIA® SLI™ and ATI CrossFire™ modes, supporting even the most power hungry GPUs with up to triple GPU configurations. Industrial-grade yet designed with enthusiasts, gamers and modders in mind, this PSU is stable, robust, and sports a sleek look and the most compact form factor of its class. Kept ultra-cool with a load-controlled ultra quiet 140mm fan, the ZX Series was engineered to be the quietest PSU available and eliminate distracting noises from your PC. Highly efficient, featuring up to 92% efficiency at typical load and up to 89% at full load, this leading-edge power supply remains rock solid and powerful while retaining superior efficiency under load.

The OCZ ZX Series provides universal Input and Active PFC (Power Factor Correction) to effectively regulate input voltage across worldwide power grids and maintain an economical, stable supply of power. Available in configurations ranging from 850W to 1250W and backed with OCZ's 5-year "power swap" warranty, the OCZ ZX Series PSU gives you the ultimate power and peace of mind to ensure the stability, low noise, optimized air flow, and efficiency of your gaming system.
