## Pack of 50 spacers (CONH0020)

The spacers, made of Nylon 6/6, fit between any DuoVero COM or Overo COM and its expansion board.

Recommended by Gumstix for use in any product designed for a mobile or handheld application.

Four spacers secure each configuration of a Gumstix DuoVero COM or Overo COM with an expansion board of thickness 48 mils or less, which includes the Gumstix expansion boards of the Overo series.

These retaining spacers create an inter-board separation of 1.5mm.

These spacers are also recommended for products required to meet the [MIL-STD-810](#) vibration test series that is approved for use by all departments and agencies of the United States Department of Defense (DoD).
