### Key Features

#### Enterprise efficiency and reliability, entry-level price

- Platinum level certification by 80Plus program and the EPRI ensures the highest level of power efficiency (up to 92%) for a Multi-Output power supply
- Tool-less, swappable power supply provides fast, easy access for improved serviceability
- Designed, tested, and certified to the same specifications as HPE Common Slot power supplies, providing Enterprise class reliability

[1] Efficiency ratings based on testing performed by Ecova per the requirements of the 80 Plus program. For more information, please visit: [www.80plus.com](http://www.80plus.com).
