Description

These switches sense a change in the pressure, opening or closing an electrical circuit when the designated set point is reached. Honeywell S&C offers an impressive line of standard products, but our engineering expertise and understanding afford us the ability to modify existing parts or create an original component per a customer's specifications.

Product Features

- Features
- ? Stands up to extended duty applications
  - ? Factory set, capable of field adjustment
  - ? Direct acting blade- gold-plated contacts
  - ? No dead band
  - ? Kapton diaphragm for compatability with a variety of fluids
  - ? Various electrical connections and terminations
  - ? Optional rubber boot

Potential Applications

- Potential Applications
- ? Engine transmission
  - ? Hydraulics and brakes
  - ? Power steering
  - ? Fuel pressure
  - ? ABS brakes
  - ? Cruise control
  - ? Oxygen concentrators
  - ? Dental air
  - ? Embalming equipment
  - ? Generators/compressors
  - ? Pool/spa water pressure
