Description

This product was manufactured by Keysight or one of its predecessors many years ago. We provide this page to assist you in using or replacing your product.

If this product's status is "Discontinued": This product is no longer sold by Keysight, but is still fully supported. You can receive free enhanced self-support via the Keysight website or by calling or emailing the Keysight Contact Center. Repair and calibration agreements and per-incident services are available from Keysight Service Centers. Use the "Contact an Expert" link at the top of this page to learn more about your calibration & repair services or replacement options.

If this product's status is "Obsolete": You can receive free self-support via the Keysight website only. Use the "Contact an Expert" link at the top of this page to learn more about your calibration & repair services or replacement options.
