Product Description

The Wiremold Slim Desktop Power Center offers a sleek and easy-to-install solution that mounts directly on surfaces and minimizes cord clutter. Perfect for desks, tabletops and workstations--adding power and charging wherever it is needed.

Convenience

With a sleek, low-profile design, the Slim Desktop Power Center seamlessly blends into work surfaces and adds more functionality with duplex USB ports for charging cell phones, tablets, and other mobile devices. Easily connects to a power source with a 6' power cord. Installation is simple with the included mounting screws. Optional kits are available for both horizontal and vertical mounting applications.

Performance

The Slim Desktop Power Center is intelligent, energy efficient and more reliable--with smart charging capabilities that recognize devices and shuts off when they are fully charged. The Slim Desktop Power Center also includes tamper-resistant power outlets for enhanced safety.

Product Features

- 3 tamper-resistant power outlets
- 2 USB charging ports (3.1A)
- Smart charging capability
- 6' power cord provides increased flexibility by extending access to power sources
- Optional mounting kits sold separately
