P1073-10S

Surge-Protected Vertical Power Distribution Unit 120V 20A, 24 Receptacle, 5-20P Plug Type

Leviton's P1070 Series Rack Power Distribution Units with Surge Protection are the ideal solution for small data centers, computer rooms, and other high-demand environments. P1070 PDUs provide "always on" power in addition to robust and reliable protection from damaging electrical power surges and transients. P1070 Series PDUs are available for vertical applications.

UPC Code : 078477308998

Country Of Origin : Mexico

Technical Information

Product Features

Amperage : 20 A

Configuration : Zero-U

Plug Type : 5-20P

Product Type : Basic PDU w/Surge

Series : P1000 Series

Voltage : 120 VAC

Features and Benefits

- Listed to UL 1449 3rd Edition; UL 60950-1

- Peak Surge Current: 45kA

- Resettable circuit breaker protects against current overload
