POWER SUPPLY ADAPTER 5V/1A 50HZ/220V(EUROPEAN STYLE!)

[1] **Add to basket**

A supply suitable for OLIMEX boards and displays which have a power jack and can be powered by 5V. Some of the boards it can be used with (but not limited to) are: A20-OLinuXino-LIME and A20-OLinuXino-LIME2. The supply might serve as a separate supply for the bigger displays like A20-LCD15.6. Note that the power supply unit is suitable for use only in Europe!

Equpped with a standard center-positive 2.1x5.5x11mm barrel connector. Suitable for the standard Olimex DC barrel jack (2.0x6.3x9.2mm).
