OVERVIEW

This 10-Outlet Horizontal Power Distribution Units (PDU) is a UL listed surge protected power strip with EMI/RFI protection built-in. It has (2) 120VAC/15A outlets on the front and (8) in the rear, and is constructed with a 6ft power cord with a standard 3-prong plug, and a safety switch guard to protect inadvertent tripping of the on-off switch. It is ideal for use in both floor enclosures and open frame racks, comes standard with removable vertical mounting brackets and has a black microfinish to match rack and enclosure color.

Color	Length	Height	Width	Weight
Black	19"	2"	1.75"	1.5 lbs

Package Length	Package Width	Package Height	Package Weight
21"	8"	3"	3 lbs

FEATURES

DRAWINGS

Mounting Position	Horizontal
Mounting Bracket & Hardware	Included
Height (Rack Unit)	1.75" (1U)
Mounting Width	19"
AC Rating Volts	120V
AC Rating Amps	12Amp
AC Rating Watts	1440W
AC Rating Frequency	60Hz
Circuit Breaker Switch	15A
Surge Level	3 Line
Joule Rating	1050 joules
Power/Surge LED Indicator	Red / Green (Surge)
Outlets	12
Outlet Max. Output	12Amp
Receptacle Type	NEMA 5-15R
Power Cable	14 AWG / 3 SJT
Cable Length	6 ft (Swivel Base)
Plug Type	NEMA 5-15P
Housing Material	ABS Plastic
Color	Black
Certification	UL, RoHS
