Product Overview

Technical Specifications

Ratings & Reviews

MGE Galaxy 9000 Features & Benefits

Compatibility

Output synchronization to external source

UPS systems can be synchronized with any other independent source for use with downstream static transfer switches.

Parallel capability

Multiple units can be placed in parallel to meet power capacity and redundancy requirements

Sustainability

EU CoC for UPS

Ensures that UPSs sold in the EU are highly efficient

Availability

High availability architecture

Different running modes : hot stand-by, integrated parallel, or centralized static switch for multi-modules leading to availability architectures

Manageability

Large tactile color display

Easily navigate to critical system information and line/load data.
