FUENTE DE PODER THERMALTAKE
SMART 750W SP-750PCBUS

No. Ref. (SKU): SP-750PCBUS
Modelo: SMART STANDARD 750W
P/N: SP-750PCBUS
Potencia: 750w
Tamaño: 86mm x 150mm x 160mm
Certificación: 80 Plus

750 Watt Bronze Power Supply: Most valuable power usage for daily use

Thermaltake introduces the newest in the essence of mainstream systems – the SMART Series Standard PSU, a performance series of power supply units (PSU) that incorporated various PSU high-tech components, leading technology and Eco-friendly credentials, ranged between 550 to 750W that will accommodate any mainstream build under any circumstance. It is ideal for users to build a home or office system for 24/7 fundamental and stable demands.

80% Plus Bronze Certified

80 Plus Bronze certified, offers up to 88% efficiency at 20-100% load under real world load conditions and promise lowest power losses. Saving the unnecessary waste of energy and environmental protection.
Flat & Low Profile Cable

All new low-profile flat cables that not only increased the airflow and made chassis thermal performance improved, but also allow for effortless cable routing.

Massive and dedicated +12V output

Smart Standard Series is equipped with a pure and powerful single +12V rail to provide the best compatibility for your PC.

Top Quality Japanese made Capacitor

High quality of Japanese made capacitor produces supreme performance with low impedance characteristics. The stable operation works for longer time with excellent reliability to enhance the power supply performance.

Smart Temperature Control Fan

Large 140mm cooling fan, built-in with intelligent temperature control device can automatically detect the power load for fan speed adjustment and maintain optimal mute performance.
